

Doxie Distancing Dash Virtual Race Operations

1. Race Entries are accepted on line, \$10 per entry.
2. A random list of all the entries will be made.
3. Base races will be videos of previously run races from other events.
4. A typical race has 4 dogs racing, each with a colored bandana. We will assign 4 of our entries a color. This color will correspond to the bandanas in the race.
5. The race will run and the entry with the corresponding winning color assigned will move on to the next round.
6. The number of races will be determined by the number of entries.
7. Because this is virtual, any age can race! Puppies, adults and seniors are welcome to compete. We even welcome mixed races and Rainbow bridge pups to participate too ❤️
8. We will ask for photos of the entries so we can show each racer before the video of the race.
9. Race assignments will be shown prior to each race.

Happy Racing!
